LEGEND 1966

A TIME TO REFLECT . . .

During the busy school year, we often feel rushed. We have too little time to accomplish all that we want to do. We try to cram many things into the all-too-scarce hours of the day. There are classes, homework, worries about college, vocations, and money. We have V-show practice, cheerleading practice, football practice, extra orchestra rehearsals, music lessons, debate tourneys, G.A.A., and club meetings. We must sell taffy apples, see the English teacher, go to detention, catch the early bus, buy **The Scarlet Letter.** We have to go to the bank, buy a sweater, collect for a birthday, make a prom dress, Christmas shop, eat, go to a party or the show, write a letter, grow up, and have as much fun as possible along the way.

These hectic activities will soon be only memories of Maine West, 1965-1966. But they will be important memories. We end each year a little older, a little wiser, a little more confused about life, and at the same time a little more aware of the future. After the jubilation of the last day of school and the last weary load of books, we realize that at last we have time that is ours alone. In the few days before we begin a job or vacation or summer school or glorious loafing, we have a time to reflect—time to call to mind the happenings of the past year. Some memories will be painful, others mirthful, sad, embarrassing, serious, or satisfying.

The **Legend** staff hopes that the 1966 yearbook will help call to memory **your** 1965-1966 at Maine West. We have tried to keep the "copy"—the printed word—to a minimum, hoping that as you look at the pictures and captions and names and autographs, you will recall memories that no copy-writer could ever record. We hope the experience will serve as preparation for the even busier years to come.

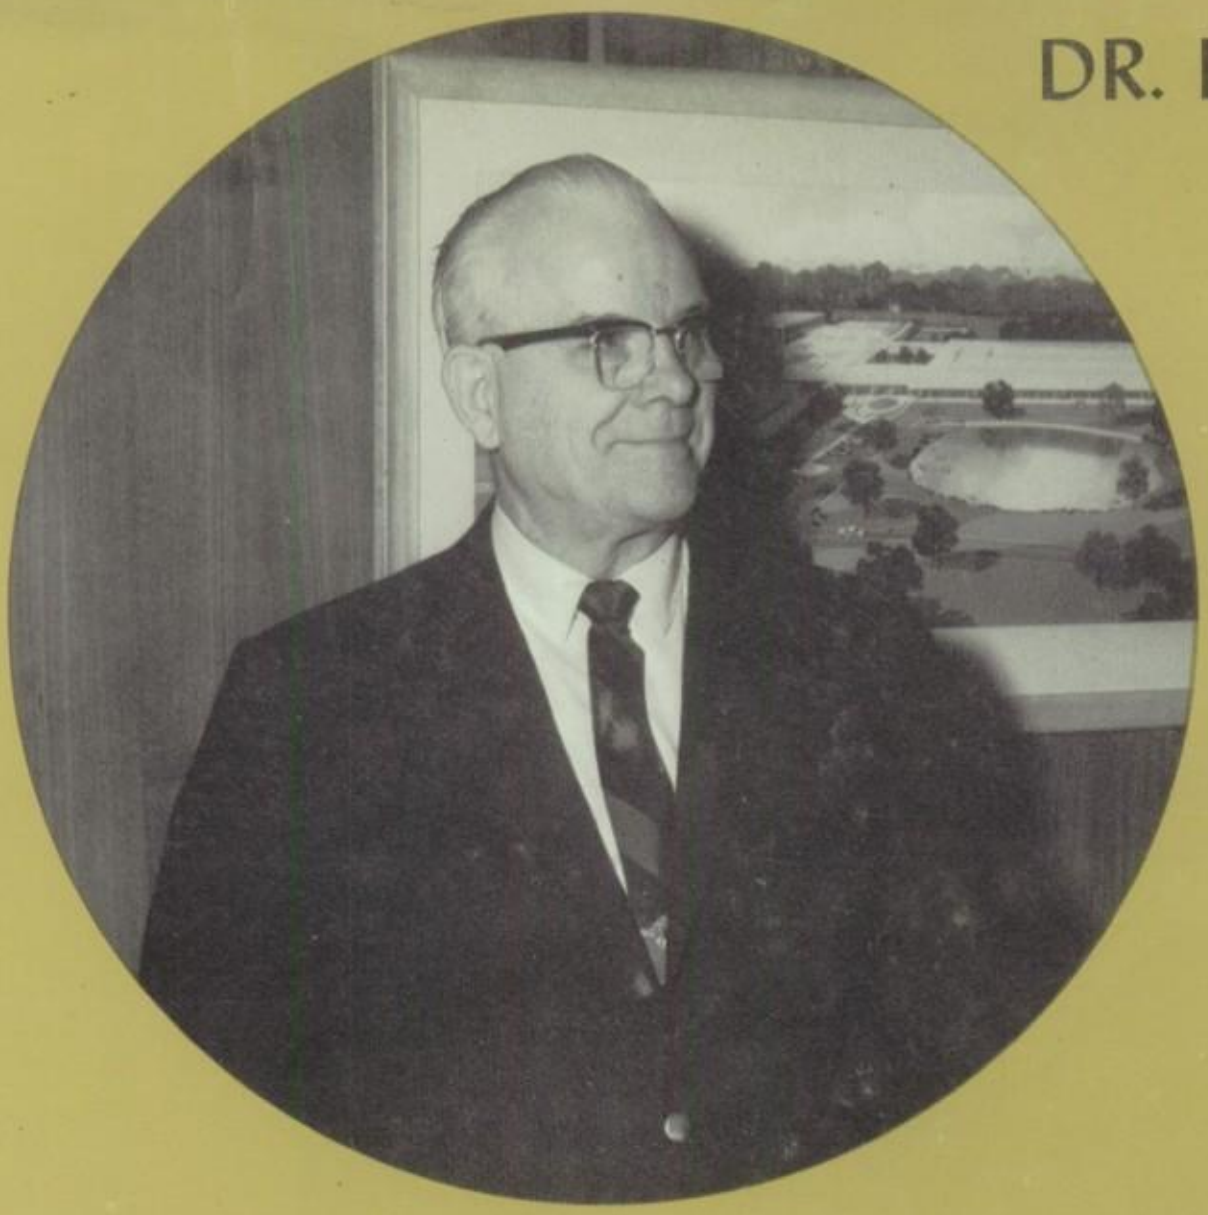
DR. EARLE WILTSE



We remember Dr. Wiltse, the superintendent of the Maine Township High Schools since 1959, the year Maine West opened. Because we remember Dr. Wiltse for his skillful performance of his duties, his determination to keep up the educational standards of the Maine schools, and his enthusiastic attendance at all of the functions and productions at Maine West, we dedicate the 1966 **Legend** to our retiring superintendent, Dr. Earle Wiltse.

. . . AND TO REMEMBER

Another member of our faculty will retire this year. A dedicated teacher in Maine Township High Schools for thirty-six years, Miss Smith has taught business education courses at Maine West and has sponsored the Girls' Bowling Club and the Good Words Club. We also dedicate the 1966 **Legend** to Miss Ruth Smith.

ADMINISTRATION

There developed in the 1960's a student body, at Maine West, strong in school spirit, capable in talents, kind in heart, neatly dressed, and dedicated to creativity. The school grew and flourished in a land of rich resources, aided by creative, youthful imagination and daring, until its reputation was known throughout the nation.

Embedded in the floor of the school was a Lamp of Learning, known also as a symbol for education. Each year the freshmen were warned not to tread on this Lamp. Respect for the Lamp grew. "Take good care of this symbol," the Student Council told them, "and it will grant you wishes beyond your fondest dreams." The school symbol took on new meaning. It had the magic power to heal the sick, to harness the forces of nature, to reduce poverty, to make life rich, to erase hatred, and to make all the world peaceful, beautiful, and good. "Any wish you make," the believers said, "if it is truly the desire of all the students, shall surely come to pass."

Being young and headstrong, some of the pupils did not believe in the magic power of knowledge. A few became dropouts. Others failed to ask anything of this Lamp because they considered education to be something for "the other fellow," maybe, but not for them. They resisted knowledge with all their might. Still others were too lazy to ask anything, preferring to sleep in class and to "get by" somehow without the magic benefits of knowledge which the Lamp symbolizes. They impudently asked how a Lamp with such a tiny, flickering flame could be so powerful.

Once in a while, the student body did agree on wishes for the Lamp. Like Aladdin of old, they asked for abundance of food, a soft, easy, selfish life, magnificent dwelling places, wealth, and scientific gadgets for their comfort. Dutifully, education provided them with all of these. In due time, the complacency and softness of the youth spread throughout the nation and sapped the will of the people. They walked on the Lamp of Knowledge. It became tarnished and the light went out. And the civilization died.

Will this happen to us in this generation? Will the youth of some other nation appreciate their Lamp more than we cherish ours? The pages of history are filled with examples of civilizations that grew, flourished, and died—marked now only by ashes, rubble, ruins, and sand. It will not happen here as long as our youth hold high the Lamp of Learning. Cherish this Lamp! Keep its wick trimmed! Never let the light go out! The future of all civilization is dependent upon what you do with the magic Lamp of Knowledge.

There is much talk nowadays about the "knowledge explosion." It is said that in the ten years from 1950 to 1960 man has acquired as much new knowledge as had been acquired by all the men who lived in all the years before that period.

Think of that! In ten years, man has learned as much as was learned by all the men who went before him from the beginning of time to the year 1950!

But that isn't the end of the story. We were told that in the five years from 1960 to 1965 man would again double his knowledge. (This means that he will have learned in five years as much as was learned in the thousands of years before 1950 plus the ten years from 1950 to 1960!)

Certainly it is a time to reflect: to reflect on the wonders of the world in which we live . . . on the challenges hurled at us by this accelerated pace of learning . . . on our responsibilities to help make the world a better place in which to live by putting knowledge to practical use . . . on the opportunities available to us to participate in this exciting and exhilarating quest for more information about the universe and the many forms of life it contains.

Someone has said that on any important matter, the people can be divided into three categories: those who make the decisions, those who don't understand, and, therefore, can't make decisions, and those who couldn't care less.

Which category do you plan to be in? A time to reflect!

All of us periodically take time to reflect. We should not be satisfied with past performances, but rather, by evaluating our weaknesses and strengths, prepare ourselves to meet the future.

Maine West's first seven years have been challenging, exciting, and enjoyable. Great traditions have been established, and each senior class in some miraculous way has broken many of the existing records or set new ones.

Faculty members and students who were at Maine West in 1959, when the doors opened for the first time, will never forget the thrill of being a part of the new school. There was no doubt in the minds of students and staff members that Maine West was destined to become a great school. Choosing the school song, colors, names for the yearbook and school paper were interesting and exciting tasks. Organizing the Student Council, clubs, and other activities demanded close student-faculty cooperation. Our first football team was undefeated, and the track team also won the championship.

Maine West's athletic teams have established enviable records, and a third trophy case is needed to hold the ever-increasing number of championship trophies.

Maine West seniors each year scored high on College Board Examinations, and today many of our graduates are enrolled in the best colleges and universities. Last year we had ten National Merit finalists and this year we have six.

The more able students are challenged by the accelerated and advanced-placement courses. New approaches used in the mathematic and science departments stress critical thinking, and the foreign language department uses the latest audio-lingual techniques.

The business education, home economics, and industrial education departments have revised their programs and now offer the Diversified Occupations, Distributive Education, and Supervised Job Training work-study programs.

At the end of the 1965-66 school year our able superintendent, Dr. Earle W. Wiltse, will retire. Maine Township High Schools have excelled during his seven years at the helm. Maine West students, faculty members, and parents wish the best for Dr. and Mrs. Wiltse in their future endeavors. We shall miss them!

Seniors, it is my hope that Maine West has prepared you well and that you have accumulated a reserve of experiences that will carry you courageously into new and challenging ventures.

Bon Voyage!

STUDENT COUNCIL

Student Council is organized by the students for the students to help bridge the gap between the students and administration. Being students, the representatives can better know and understand what the student body as a whole wants; they can then present these wishes to the administration. Members are elected by their respective classes and serve for a term of one year. Student Council sponsors many worthwhile projects: V-Show, Homecoming, **Dial Tone,** and AFS. Each year Student Council collects money for the needy during the Care Week Drive and the Tuberculosis Drive. For the past three years it has sponsored a foreign exchange student. This year we have two foreign exchange students: Velma Welch from Panama and Gustavo Herrarro from Argentina. There are no students abroad in the AFS program, but Student Council hopes to sponsor some next year. Projects such as these train the Student Council's members to become better citizens in their community.

AFS CLUB

"This kind of exchange, as it grows and grows, will have a better effect on advancing the peace of the world, of giving greater promise to each of us, young and old, to live fuller and better lives, free of the burdens of armaments, free from the fears of attack, living together in the confidence that humans can trust and believe in other humans."

Dwight D. Eisenhower

Friendship and increased understanding among their fellow men have been the aims of the American Field Service since 1914. It was founded as a volunteer ambulance service with the French armies and carried thousands of wounded in World War I. The AFS instituted graduate fellowships for French universities between the wars; and after serving again in World War II with the Allied Armies, and therefore with the men of many nationalities and beliefs, it revived the idea of a peacetime program to further the basic friendship which exists among all men. In 1957 the AFS sent the first small group of American secondary school students to live with European families while attending the first semester in local secondary schools. This proved successful, as did the same idea for the second semester in the southern hemisphere. The AFS School Program is now active in 19 countries and in both hemispheres has been expanded to a full year.

It was only a few months ago, that I first walked into the Maine West school building ready to begin a year full of new experiences in this school. I was also here to represent the American Field Service and my country, Panama.

Reviewing these months, my mind becomes crowded with memories of the pleasant times I have had—memories of the kind deeds from the faculty, the student body, the band, the Student Council, and many other clubs; memories of working in class along with other students and of the very enjoyable activities we have participated in. I remember the friendly smiles and the conversations I have had with other students where they expressed understanding toward me and my country.

This has been a very interesting year for me, learning about the United States, its people, and its way of life. I have come to realize that although my Panamanian customs may be different from yours, we can share friendship and understanding by living together, which is much more important than customs.

To my fellow senior graduates, I wish the best of luck in the future and hope that they challenge life with courage. I will never forget Maine West.

I am thankful to the American Field Service whose main objective is to create friendship and understanding between the peoples of different countries, to my American family that has made this a wonderful year for me, and to the people of Des Plaines and Maine West. I thank everyone for a wonderful and unforgettable year.

Velma Welch

When I read the newspaper on July 14, 1965, I never thought that it would be the first step to my AFS scholarship. In one section of the newspaper there was a picture of 97 students who had spent the year in the U.S. The reporter of this article encouraged all students to try for the scholarship.

Two years have passed since then. I am grateful to that reporter, but he is not the only person responsible for this wonderful experience. One AFS scholarship requires the efforts of many people and organizations. I want to thank the whole community of Des Plaines and the Student Council of Maine West. Without them the accomplishments of this marvelous year of my life would have been impossible, and I will never forget their help.

The entire AFS organization deserves my thanks, for it is composed of the people who promote the purpose of AFS—world understanding. And, of course, I want to express my eternal gratitude to all the families who open their hearts to foreign students, especially in Des Plaines. It is my personal opinion that without families such as these, the AFS organization could not have been successful in its efforts to broaden world understanding.

ORCHESTRA

Advanced Music students are taught to appreciate a wide variety of music in Concert Orchestra. The orchestra performs at assemblies, concerts, and the commencement sermon exercise at the end of the year.

BAND

The Concert Band is open to students who have attained high standards of attitude and performance on a band instrument. Band members concentrate on improving their appreciation and techniques of interpretation of many types of music. Their performances add color and spirit at various concerts given during the year.

HOMECOMING '65

And the 1965 Homecoming Queen is . . .

. . . Pat Silk!

Homecoming candidates and their escorts from left to right: Gustavo Herrero, Lynne Struebing, John Larson, Helen Lindquist, Bob Burgess, Sandy Kunkle, Dennis Doyle, Harriet Hall, Pete Kulik, Sue Kabot, Rick Isenbarger, Pat Silk.

Homecoming this year was filled with the usual flurry of float-building, the record hop where Homecoming court was announced, the game and the traditional Homecoming dance which climaxed the week. First place float honors went to the Senior Class. Even the loss of our Homecoming game to the Palatine Pirates could not ruin the annual dance. This year's queen, Pat Silk, reigned over the dance with her court of Harriet Hall, Sue Kabot, Helen Lindquist, and Lynne Struebing. The crowning of the queen brought Homecoming ceremoniously to a close.

ELECTION WEEK

Campaigning and election for president and secretary of Student Council were held during the week of March 14-18. Candidates for president were Dan Beck, Bill Prentice, and Doug Chase. Mary Holm and Jill Schlanbusch competed for the secretarial position. Campaigning took place on Monday, Tuesday, and Wednesday with signs, posters, and speeches. Combos played in the gyms before school for the candidates. Assemblies for each class were held on Thursday to allow each candidate to present his platform. Students were able to vote for their candidates on either Thursday or Friday. The Election Jitney, held on Saturday night, climaxed the week with the announcing of the new Student Council officers, Doug Chase and Mary Holm.

Coach Carlini's Varsity Wrestling team enjoyed one of their finest seasons in 1965-1966 as they finished in a tie for the Conference Championship. The Warriors then capped off the year with a District first place. Grappler Steve Ryden represented Maine in the State competition and came in fifth. Other Warriors who did well this year were Tom Hansch and Ron Ploshay who took third place in the Sectional, and Dave Grutzius, a fourth place finisher.

VARSITY BASEBALL

Coach Carsten's Varsity Baseball team of 1965 had another extremely successful year. The Warriors finished with a 15 and 3 record that was good enough for the seventh consecutive Mid Suburban League Championship for Maine. In the first game of the District, the Warriors topped Forest View; but then they were edged by Fenton 4 to 3 in the final game. Outstanding competitors for the Warriors during the season were shortstop Mike Neese, second baseman Danny Makos, outfielders Charlie Curran, Bill Verber, and Jerry Hannselman, and pitchers Stoney Jackson and Jim Smith. This year's team could be just as successful as last year's team because they have several experienced hurlers returning. Pitchers Sherm Schuett, Bob Mein, and Bill Gastorf all have won letters and will be throwing for Maine this year. Also, Tony Gyssler will be handling the center field assignment.

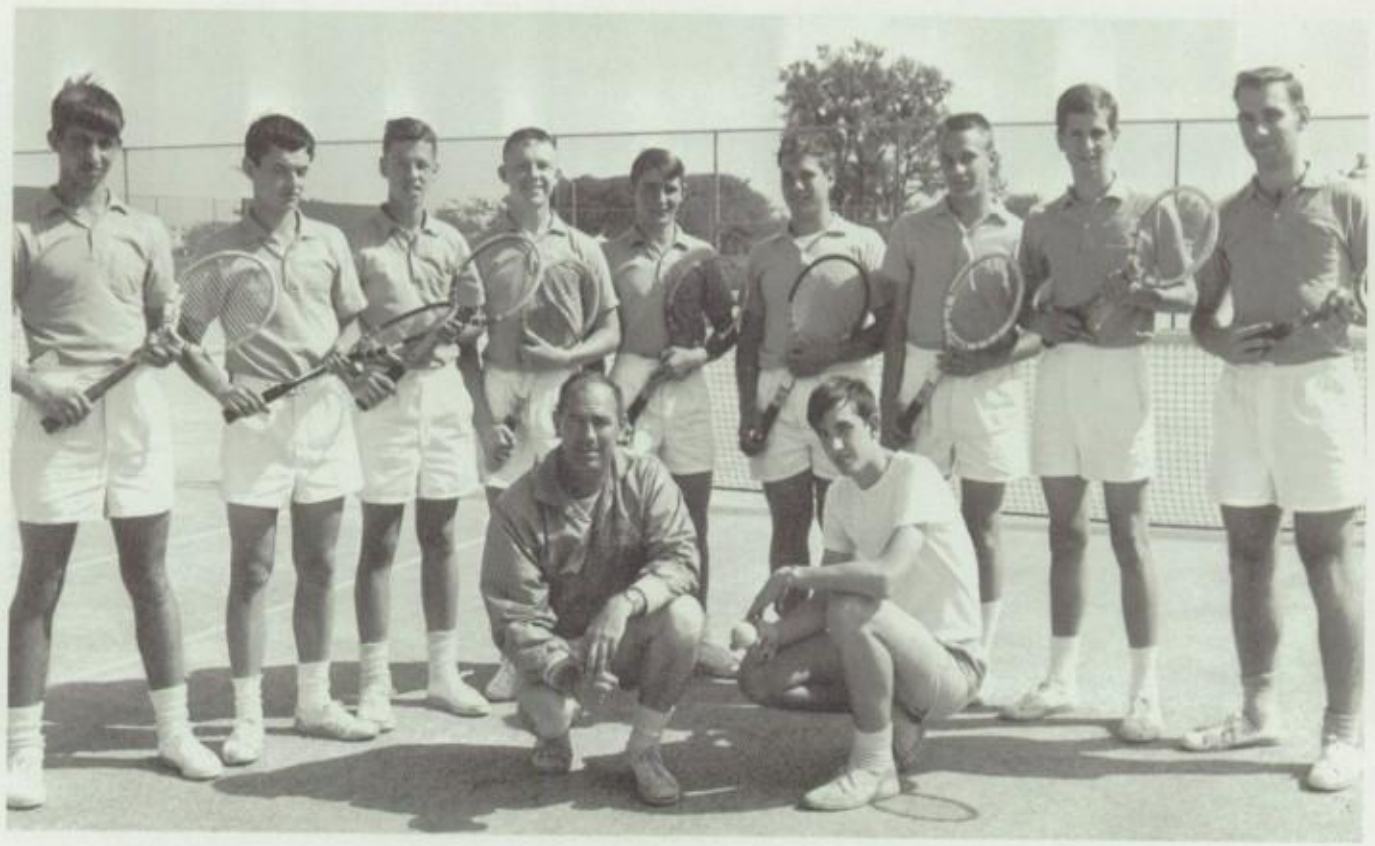
VARSITY GOLF

This year the Maine West Golf team will be running up against some tough competition. The Warriors have no returning lettermen, but they are hoping that Randy Black, the only senior on the team, will spark them to a successful season.

TENNIS



KNEELING: Coach King, Jim Mack. **STANDING:** Les Belzer, Dennis Doyle, Tom Martin, Ed Challberg, Jim Richards, Claude Stewart, George Kinstedt, Bob French, Ted Wolters.

In 1964 the Maine West Tennis team enjoyed its finest season. The racketmen were undefeated in Conference play as they copped the Mid-Suburban title. Their overall record was 12 wins and 2 losses. Coach King's Warriors were deep in experience, with five returning lettermen. This year's team will have four returning lettermen to help the netmen retain their conference championship.

SPIRIT OF
MAINE WEST

We also dedicate the 1966 **Legend** to Mrs. Valrie Hackett, another faculty member who will retire this year. Mrs. Hackett, always a strong advocate of the study of the Latin language, has been a member of Maine faculties for eleven years. In addition to teaching Latin, Mrs. Hackett sponsored the active Latin Club at Maine West.

MRS. VALRIE HACKETT

Joe Amenta

Special Thanks . . .

to Joe Amenta, who provided many of the photographs for the 1966 **Legend.** Without his assistance, many of the special candid pictures could not have been included in the book. We appreciate also the help of Mr. Clint Parsons of American Yearbook Company and of Mr. Robert Merriman of Durand Cover Company. Walinger Studios again handled skillfully the formal photography for the **Legend.**

The **Legend** staff always appreciates the fine cooperation of the administration, faculty, and students of Maine West, especially during the photographic sessions and sales campaigns. We particularly thank Mr. George Walker, sponsor of the staff, for his continued support and encouragement during the production of the **Legend.**
